**You can't heal what you don't recognize.
Before anything can change, you must
honestly acknowledge what you're feeling
without judging or avoiding it.**

--

**Understand the story, the beliefs,
and the needs beneath your emotions.
Curiosity replaces judgment
and creates understanding..**

--

**Grounding, healthy boundaries, self-care,
and creating balance are all ways
we learn to regulate our emotions
rather than react to them.**

***Emotional freedom grows when
you stop letting emotions make
your decisions and begin choosing
responses that reflect your values.***
